Going West

A host of friends and neighbors of Mr. and Mrs. N. J. Underwood spent the day with them August the fifteenth, before they left for western Kansas for Mrs. Underwood's health.

A lovely three-course luncheon was served by the hostess and her daughter. The afternoon was spent in social chat and eating ice cream and cake. In the afternoon before the crowd dispersed Chas. Underwood brought out his camera and took the pictures of them all. They all went home pronouncing Mr. and Mrs. Underwood royal entertainers and wish them a bright and happy trip. They all hope for their speedy return.

A guest.

Mrs. Willie Mackay spent Sunday at the home of John Goll near Dalton.

Fire at Liberty

Wornall Hall, the administration building of William Jewell at Liberty, Mo. was burned Saturday night night of last week when struck by lightning. The building cost \$100,000 fifteen years ago and was insured for \$70,000. The building contained all the records of the school which were destroyed, the chapel the administration offices and classrooms. Plans already have been made for a \$200,000 science building to replace the burned structure and the school will open as usual this fall.

"My wife and myself quarreled by wireless today."

"That's what I call having a few words over nothing."

Ola Herring, Egbert Coker and several others went to Triplett Sunday via automobile.

SOME SKILLFUL THIEVES

Get the Chickens With Consummate Daring and Dispatch

The natural ability and address of the chicken thieves in this county and around this city is worthy of comment. They are finished artists. In the usual chicken stealing episode, the farmer hears the chickens squawking, gets his trusty gun and calls Towser. The result is that the thief gets a chicken or two and maybe a load of shot or two.

That was the good old days when chicken thieves were easy pickings and the man who lost more than a chicken or two at a time was mighty slow on the trigger.

Now times have changed. The fellow who loses any and who does not lose all he has, is certainly a mighty live one. The reason for all this is that the modern thief gives no warning. It is even hinted that he is so educated that he has handy an automobile so that if he gets hard pressed he can escape by modern methods or, if necessary, he can shift his cargo of chickens to some faraway city and dispose of them.

There are some wonderful stories told of his prowess. The thief is said to gently chloroform the chicken before he takes him into his charge. Someone has pictured the thief gently placing a handkerchief soaked with chloroform under the nose of some modest and retiring hen creature and as her head droops wearily forward, she is gently placed in a bag and hauled forth.

This is nice chicken-house poetry but it takes lots of chloroform, probably a barrel or two to chloroform a flock of chickens roosting high on a tree branch or in a hen house and it is probable that the thief really uses a deft strong arm system that puts an end to the chicken's ambitions. It is just a case of men educated in chicken lore in using modern methods and doing the job up in a business-like method. When a fellow can go into a man's yard grab 100 chickens off a roost and haul them away right under the nose of the sleeping householder, he is doing the job scientifically, and, in spite of our chagrin at the many losses, is entitled to his meed of praise for skill shown. Someone ought to strike off a leather medal commemorating his skill and leave it hanging on some fruitful henroost is a convenient spot.

Beware of Ointments for Catarrh That Contain Mercury
as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is too great to be good. You can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 50c per bottle. Take Hall's Family Pills for constipation.

Father and Sons Drowned

Last Friday night, L. L. Cook and two sons at Glasgow, were drowned while swimming in the Missouri river. The father was teaching one of the boys to swim when he was seized with the cramps. He was unable to help the boy he had with him. The other son came to their rescue and all went down.

Raided Frat House

The Pi Kappa Alpha fraternity house at Columbia, Mo. was raided last week and two men and three women caught by the police. It is said that one of the men, G. W. Gladding of St. Louis is a member of the fraternity.

Miss Mollie Ann Mackay finished her work at Judge Minter's probate office Saturday evening and resigned to take up school work the first of September.

Central Business College, Sedalia, Mo.

WONDERFUL GROWTH OF THIS MARVELOUS SCHOOL.

STANDS AT THE HEAD OF ALL BUSINESS COLLEGES IN TURNING OUT EMINENTLY SUCCESSFUL GRADUATES.

THE LEADING SCHOOL OF AMERICA IN INTRODUCING UP-TO-DATE METHODS.

THE STENOTYPE, A MARVELOUS METHOD OF TAKING DICTATION—FIVE HUNDRED FIFTY WORDS PER MINUTE WRITTEN BY A SIX-MONTH PUPIL.

HEADQUARTERS FOR THOSE WHO WANT THE BEST.

YOU SHOULD TAKE A COMBINATION BOOKKEEPING AND STENOGRAPHY COURSE.

WHAT OTHERS HAVE DONE YOU CAN DO.

PUPILS WHO HAVE NOT ALL THE NECESSARY MONEY WITH WHICH TO PAY EXPENSES TAKEN CARE OF.

Central Business College, Sedalia, Missouri, increased from three pupils in attendance thirty years ago, to over one thousand pupils per year. This marvelous growth is the result of satisfied pupils, who are thoroughly prepared for the highest degree of usefulness, and through the high standing of this school with the business men of America, are placed in high salaried positions. Some of the most successful business men of the United States and Europe received their business training and start from this institution. It can do as much for you.

This school was the first in America to start and successfully conduct rapid calculation classes; the first to start a telegraph department with a principal who had been an active train dispatcher for a number of years on the railroad; the first to introduce the piano method of typewriting, and now has a class of nearly one hundred on the stenotype, a marvelous machine on which the pupil writes from dictation from thirty to forty words per minute from any matter in three days after he begins the study, and in six months can write from familiar matter from three hundred to five hundred fifty words per minute.

You get a business education but once in life. You want the best, don't you? You should attend the school that from its thoroughness and superior advantages given, has become headquarters for those who want the best—it costs no more, why not have it?

One thousand pupils wanted to take positions as bookkeepers and stenotypists combined. You want a good position at from \$75 to \$150 per month, don't you? You want a position in which you are receiving a rise in salary every year and perhaps every month, which has in sight in the future a salary of from \$15,000 to \$25,000 per year, don't you? You don't think this is impossible, do you? Listen while I tell you what has been done by people who, you would not be willing to acknowledge, had more ability than you have. I took a young man from the farm who had nothing but a common district school education; I graduated him in a combination course; he was soon receiving a high salary and is now doing business for himself at enormous profits. He tours Europe every year, stops at the best hotels in the world and enjoys himself and has the best in the land. This young man started without a single penny and has made his marvelous success on his native talent and the education received in Central Business College, Sedalia, Missouri. You know this didn't happen, but that there was a cause for it, don't you? This is only one of many who have made such successes. You can do the same, can't you?

You won't acknowledge that others are smarter than you are, will you? Come and place yourself under the same environments that they placed themselves under, and you will be astonished at your success. Don't attend any school until you have written C. W. Robbins, Sedalia, Missouri, for catalogue and circulars explaining the Business Department, Shorthand Department, Stenotype Department and Department of Telegraphy.

Full information will be given any one who desires a business education, but finds it impossible to raise all of the money with which to pay his expenses. Address,

Central Business College Sedalia, Mo.

Must Come Across

The Courier campaign for collection of delinquent subscriptions has been successful to some degree but not as much so as it should be and must be. It is probable that not 20 per cent. of the communications sent out have been answered. This means that not more than one-fifth, if that may have either paid or given a reason why they would not pay. This is not as it should be. More must pay. The money must be paid or a reason given why it should not be. This campaign is no joke and the coin must be forthcoming.

Chraneville Chips

Sam Stevenson and wife after a pleasant visit here returned to their home in Marceline Sunday. Mrs. Rome Lambert and daughter, Onita are on the sick list.

R. A. Coleman fell off a horse last week and sustained injury which laid him up for several days.

Ely Gordon, Robert Culbertson, Frank Paskel and Ike Marshall left last week for a trip to south east Missouri.

We had a fine three hours rain here Saturday evening which will benefit everything and everybody.

Mrs. Tim Bills of St. Joe is visiting her parents, Uncle Charley Eidson's.

Luther DeWeese got his shoulder dislocated by a piece of ice falling on him at Uncle Jiles Rices last week.

Tom Shearon goes on a pleasure trip to Keokuk, Iowa tomorrow, Tuesday.

Many compliments were heard on the band concert a week ago Thursday. The band is rapidly assuming top rank among the bands of this section.

Children Cry FOR FLETCHER'S CASTORIA

A protracted revival meeting will commence at the Christian church September 5, according to the announcement at the service at the park Sunday night, when Elder Gresham delivered the address. One of the ministers suggested that the town needed a revival about as much as any place he was familiar with and hoped everyone would get into the meeting with the right kind of interest and make it a big success.

Mrs. E. W. Herring received a telegram Friday of last week from Mr. and Mrs. E. F. McNew of Twin Falls, Idaho, stating that they were the parents of a nine and a half pound boy. Mr. and Mrs. McNew will be remembered here as being in charge of the local hotel several years ago, leaving here two years since.

READ COURIER ADS

At last there is found a market for the superfluous curs that make the nights hideous here. The latest reports indicate that the Germans are large consumers of dogs in their own country. Over 8,000 dogs were killed under official supervision, for food, in 1912, to say nothing of the thousands killed privately. Why not some thrifty Keytesvillian get busy and glut the market with the home product.

Children Cry FOR FLETCHER'S CASTORIA

G. E. Allomong of Carroll county Mo., who feeds sheep every winter, was in this week looking over the sheep situation. "Considerable sheep feeding is being done in my community," said he. "Each year there seems to be a few more fed."—Drover's Telegram.
